

October 28<sup>th</sup>, 2011

Marlene H. Dortch, Secretary ,  
Federal Communications Commission  
445 12th Street, S.W. Washington, DC 20554

*Re: TVWS rules and their impact on databases (ET Docket Nos. 04--186)*

Dear Ms. Dortch

On October 27<sup>th</sup> Ed Thomas, Jeff Schmidt and Peter Stanforth, representing Spectrum Bridge Inc. ("SBI") and KTS Wireless ("KTS"), met with Julie Knapp, Alan Stillwell, Hugh Van Tuyl and Geraldine Matise, from OET. The purpose of the meeting was to clarify both the rules and the petitions for reconsideration related to the power spectral density and power limits applied to TVWS radios. SBI and KTS support these requests for reconsideration and verified that any changes to the DB required to support these changes while maintaining acceptable protection for incumbent operations, is viable and acceptable to SBI as a Database Provider.

Pursuant to Section 1.1206(b) of the Commission's rules, this letter is being filed electronically in the above referenced docket. Please feel free to contact me if you have any questions.

Sincerely

/s/ Peter Stanforth
